FICHA TECNICA · FICHE TECHNIQUE

## SHINING

### Recycled content by color:

Trend USA Ltd certifies that the information concerning material content of the TREND SHINING COLLECTION, represented in this document is factually correct and current.

All the data was collected analyzing not only the raw materials, as they are prepared at the time of the recipe, but also during the production process.

These estimates are based on practical experience and past measurements and are very close to actual values.

Only 14 colors have been tested and produced so far.

Trend Glass mosaic is produced in our manufacturing facility in India. Because of its location, it is not possible to achieve Regional extraction points. Trend glass mosaics are assembled in our facility in Sebring Florida and in Riverside California.

Addresses in order to calculate distance how the crow flies:

Sebring Florida: 420 Haywood Taylor Blvd, Sebring, FL 33870

Riverside, California: 14528 Meridian Parkway, Suite B, March Air Reserve Base, CA 92518
